## Technical Skill:

- **Front end:-** HTML, CSS, JavaScript and React.js and Tailwind CSS.
- **Back end:-** Node.js, Express.js, MongoDB.
- **Frame work:-** React.js, Tailwind CSS, Node.js, Express.js, MongoDB.
- **Full Stack :-** MERN Stack (MongoDB, Express.js, React.js, Node.js).
- **Programming Languages:-** Java,C.
- **Development Tools :-** Vs Code, Github, Git.

## Project:

### 1) Grocery Store web app | React.js, Node.js and MongoDB |[ Link ]

- Built a full-stack grocery store platform with secure user authentication and role-based access.
- Implemented product listing, search, category filtering, and dynamic shopping cart functionality.
- Created an admin dashboard for product CRUD operations, inventory control, and order tracking.
- Developed order management system with online payment and Cash on Delivery options.

### 2) Hotel Booking Website | React.js, Node.js and MongoDB |[ Link ]

- Developed a hotel booking platform with user authentication, hotel search, filters (price, location, rating), and room availability.
- Implemented real-time room booking system with date selection, booking confirmation, and online payment integration.
- Built a responsive hotel & room details page with images, amenities, and pricing.
- Created an admin dashboard to manage hotels, rooms, bookings, pricing, and availability.

### 3) Personal portfolio |React.js and Tailwind Css |[ Link ]

- Designed and developed a responsive personal portfolio to showcase projects, skills, and experience.
- Implemented dynamic project sections with live demo and GitHub links.
- Added contact form with email integration and social media links.
- Optimized performance and SEO with clean UI, fast load times, and mobile-first design.

### 4) Video calling and chat Application |React.js and Tailwind Css |[ Link ]

- Built a real-time video calling and chat application using Zego Cloud SDK.
- Implemented one-to-one video calls, voice calls, and live text messaging.
- Added secure user authentication and room-based call management.
- Designed a responsive UI with call controls (mute, camera on/off, end call).

## Education:

J.C. Bose University of science and Technology, Faridabad |Bachelor of Technology in Computer Science Engineering|
